Be a better man. Buy the book. As a man, anything you’ll ever need to know, this book has it. You’ll learn things you knew you needed to know before, and you’ll use it later in life. Do yourself a favor, read this book. Make the world of the gentleman a better place.

Ridiculous! Save your Money. The most basic tips of manners, dress, etc - some were so lame I laughed...also, tons of typos and hilarious spellings of word, even if the book is written in UK english...

Another book compiling together all basic facts. Not really anything new or what is well known.
