## Customer Reviews

Another great book on the old time radio shows and the star I would tell any one who asked to read this book

Gave this to my dad for Christmas; he worked in the Golden Age of radio and thought this was a very good book!

Superb overview of OTR in all its splendor! Very enjoyable reading about one of my favorite hobbies! THANKS!

Got this for my mom. She spent 5 years in radio's heyday back in the 30's, before becoming a WAVE in WWII. She actually called me today to express her gratitude for all the memories and people this book brought back to her. She loved the facts behind the facts / people as well.

Not enough info about the shows its self
