# The Ransom Of The Jews: The Story Of Extraordinary Secret Bargain Between Romania And Israel

## Synopsis

After 1948, the 370,000 surviving Jews of Romania became one of the main sources of immigration for the new state of Israel. With the exception of a period in the early 1950s, almost all Romanian Jews left their homeland in several waves to settle in Palestine and Israel. Behind Romania's decision to allow its Jews to leave were practical economic and political reasons: Israel paid for them, and Romania wanted influence in the Middle East. The trade satisfied both states and is still considered a highly confidential matter. In *The Ransom of the Jews*, Radu Ioanid of the U.S. Holocaust Memorial Museum traces the intriguing story of this secret exchange. Drawing upon restricted archival records and interviews with agents and others directly involved in the operation, he describes how Israel—*not without second thoughts*—traded cash, agricultural products, and sometimes political influence to ensure the emigration of Jews from Romania. The price was \$2,000 to \$3,300 per head, and also involved trade and loan considerations. This privileged relationship between the two countries allowed Israel after 1967 to maintain in Bucharest its only embassy in the East European Communist bloc. It also permitted Nicolae Ceausescu, the anti-Semitic Romanian president, to emerge as a mediator in the Middle East peace process, in which he hoped to use Israel to improve his own relations with the United States. In 1978, during the Jimmy Carter administration, Mr. Ioanid reveals, Washington learned of the sale of Romanian Jews to Israel but turned its eyes for reasons ostensibly related to its policies toward the Soviet Union. In all, some 235,000 Jews emigrated from Romania to Israel under the agreement, which ended with the fall of the Ceausescu regime.

## Book Information

Hardcover: 244 pages

Publisher: Ivan R. Dee (January 13, 2005)

Language: English

ISBN-10: 1566635624

ISBN-13: 978-1566635622

Product Dimensions: 5.8 x 0.9 x 8.7 inches

## Customer Reviews

I don't think the core issue of this book - the fact that Romania demanded payments from Israel and West Germany for allowing emigration during its Communist regime(s) - will really surprise or shock anyone today. Indignation too seems somewhat idle. Those were aberrant times, but does history ever really stop being aberrant? Thankfully, the author - a historian - understands this well. This is a good book because it never rests in contemplation of its discoveries, never tells us what it thinks of them. In contrast, Ion Mihai Pacepa, the famous defecting general, pathetically abandons himself to lament in the awful afterword he was allowed to write. Not once does he refer to the deals of his former supervisors (Gheorghiu Dej and Ceausescu) without frantically seeking for the most damning adjectives: despicable, hideous... Let's be straight: General Pacepa is an invaluable resource for this book but at the same time he is one of its aberrant characters. He waits for the therapeutic mud to crack on Ceausescu's naked body while strolling with him 'along the restricted presidential shore of Lake Techirgiol', and six days later is 'magnanimously granted political asylum by the United States government' - whereupon Ceausescu tears his shirt screaming hysterically that he cannot even trust the shirt he's wearing (how could he, he was naked with his traitor less than a week ago). Of much less anecdotal value is Pacepa's condemnation of the 'hideous sale of Jews'.
