# Race And Class In The Colonial Bahamas, 1880-1960

## Synopsis

Deftly unravels the complex historical interrelationships of race, color, class, economics, and environment in the Colonial Bahamas. An invaluable study for scholars who conduct comparative research on the British Caribbean. "Rosalyn Howard, author of *Black Seminoles in the Bahamas* "Saunders is to be commended for a scholarly study that prominently features the non-white majority in the Bahamas "a group which usually has been overlooked." Whittington B. Johnson, author of *Post-Emancipation Race Relations in The Bahamas* "In this one-of-a-kind study of race and class in the Bahamas, Gail Saunders shows how racial tensions were not necessarily parallel to those across other British West Indian colonies but instead mirrored the inflexible color line of the United States. Proximity to the U.S. and geographic isolation from other British colonies created a uniquely Bahamian interaction among racial groups. Focusing on the post-emancipation period from the 1880s to the 1960s, Saunders considers the entrenched, though extra-legal, segregation prevalent in most spheres of life that lasted well into the 1950s. Saunders traces early black nationalist and pan-Africanism movements, as well as the influence of Garveyism and Prohibition during World War I. She examines the economic depression of the 1930s and the subsequent boom in the tourism industry, which boosted the economy but worsened racial tensions: proponents of integration predicted disaster if white tourists ceased traveling to the islands. Despite some upward mobility of mixed-race and black Bahamians, the economy continued to be dominated by the white elite, and trade unions and labor-based parties came late to the Bahamas. Secondary education, although limited to those who could afford it, was the route to a better life for nonwhite Bahamians and led to mixed-race and black persons studying in professional fields, which ultimately brought about a rising political consciousness. Training her lens on the nature of relationships among the various racial and social groups in the Bahamas, Saunders tells the story of how discrimination persisted until at last squarely challenged by the majority of Bahamians."

## Book Information

Hardcover: 400 pages

Publisher: University Press of Florida (June 14, 2016)

Language: English

ISBN-10: 0813062543

ISBN-13: 978-0813062549

Product Dimensions: 6.1 x 0.8 x 9.2 inches

Shipping Weight: 1.6 pounds (View shipping rates and policies)
