Customer Reviews
Jill does such fabulous job explaining the basics of beauty -- understanding color charisma, dressing for your body type, and developing your signature style. She keeps it simple (love that the first section is called "Beauty Without Vanity"!), offers lots of helpful tips, tools, and suggestions for everything from hair and makeup to downsizing your closet to shopping wisely. She even addresses the seasons of life and how your needs and styles change as you transition from one to another. Really helpful, beginning to end.

Jill gives you practical information you can start using right away. It is a wonderful book, I gave as gifts too.

This book is full of wisdom, clearly written and illustrated. Jill's got a common sense approach to style that makes women of any age shine. I was so impressed I arranged for my daughter to have a one on one session with Jill after reading the book - it was a once in a lifetime experience!
