I found this book to be a refreshing change from the various genres I usually read. The book is a wonderful collection of trivial knowledge from the arts we all love: movies, music and television; and the level of difficulty ranges from everyone has to know the answer to this question to I had no idea, which is sure to please practically every trivia aficionado. When it came to the questions regarding television, the author has included both American and British programs [programmes] so be prepared. It came as a surprise to me that I actually knew the answers to the number of questions I did. The author, I feel, should have arranged the questions contained in the book into chapters/categories instead of the hodgepodge manner he did. Having the answers to each question immediately after the questions serves a purpose, yet, anyone who's really into trivia would have preferred the questions/answers to have been numbered and placed at the back of the

book. However, this would have been quite practical for the paperback edition of the book where it is quite easy to turn back/forth but rather impractical for any e-book edition. Because of this, somewhat of a quandary has developed here regarding the rating I should give. Since the vast majority of readers will be getting the e-book version, I am giving this book 5 STARS.

This Trivia Madness book is pretty cool! It is filled with 1000 interesting trivia questions from actors, actresses, as well as movies and more. I have been enjoying scrolling through and reading through the trivia questions and trying to see if I could come up with the answer myself. Which 90% of the time I wasn't too sure of the answer. But a lot of the questions brought back memories from my childhood. I think this book would be something fun you could read with a group of people. The answers for all the questions are directly below the question. Only problem with that is that if you're trying to quiz yourself the answer is literally right there and it isn't as much fun. This is a great book if you are someone who loves a challenge and loves trivia questions or if you're having a get together and want to play a fun trivia game this book would be for you.

This is a great book for leisurely reading and fun trivia. With the information I have learned in this book I am confident I will be able to hold my own in any trivia game among friends and colleagues. You can also use some of the subjects as great conversation starters when you're out and about and run into new faces. I definitely recommend this book. Disclaimer: I was provided this book for free or at a discount in exchange for my honest, non-biased review.

What ISNT to love about trivia? I literally grew up loving trivia. My brother was hooked and got me hooked on trivia. He spent an entire study hall watching "Go Ask Alice" to find out what the phone number she called in the movie. TRIVIA MADNESS: 1000 FUN TRIVIA QUESTIONS BY BILL O'NEILL'S book was a quick "read" too quick in my opinion. Questions ranged from the 70's TV to 2015 questions. Can't wait for the sequel to come out! I received this ebook free from LibraryThing in exchange for a review.

Trivia Madness: 1000 Fun Trivia Questions is based on entertainment world trivia. It covers lines from songs and movies, awards and roles by famous actors and actresses. If you love entertainment trivia, this is a great book for you. I enjoyed remembering old movies and songs but this is not a subject I want to memorize and obsess over; it was just fun to read.

I loved some of the trivia questions and some were a little too hard for me. It was fun skimming these and passing the kindle back and forth between my friend and I. We played a game where we asked questions til someone answers wrong then switch turns. It was fun learning new stuff.

It is fun to test your knowledge and test the knowledge of friends as well as family. This book gives you a way to do that. Have fun seeing how much you know, but also learn trivia items within the pages of Trivia Madness. Give it a try and see how much to know today! You'll mostly find TV, Movie and other pop culture questions with answers giving you many options to ask each other.

Well I love watching movies but I never had so much questions to answer..lol..!! In this book You will find questions from the various fields like awards, movies, actors, actresses and some music. I enjoyed reading this and since I got it under the free promotion time so it was the best deal for me. The Author should have distributed the question in different chapters and categories.
