Instant Slots Success

Synopsis

“Why does it always seem like it’s the other guy (or gal) who wins at the slots? Is it just me, or does anybody else feel this way too? I seem like I never have a big hit, or get on a winning streak at the slots! Does that sound familiar? You are not alone. Every day there are millions of people across the country playing slot machines – all looking to hit the jackpot. If that sounds like you, then I’ve got some great news! Author Art Robertson is going to show you, step by step, how you can improve your chances of winning at the slots, and finally gain an understanding of what it takes to become a winner at the slot machines. He covers five (5) powerful, ready-to-payout machine displays. Then, he tells you what type slots machines to look for these patterns. Examples include: • The Upward-Vee Pattern • The Downward-Vee Pattern • The Right-Facing Arrowhead Pattern • The Open-Cross Pattern • The Half-Cross Pattern • PLUS, a helpful section on Bankroll Management that can help you manage your money better and keep the money that you win! Stop wasting your time and money at the slot machines. Get the powerful “Instant Slots Success”, and: • Be confident like a true slots winner before you play • Feel great every time you sit down at a slot machine • Stop wasting time and money on slot machines that just don’t pay • And more! Put an end to losing money and start becoming the slots jackpot winner you should be with the: “Instant Slots Success” • Now available on Kindle!

Customer Reviews

I liked this book. Most slots books have a winning title, like "Win Big at Slots," and then by the first few pages, they admit that they really don't know how to teach you how to win at slots. This book claims, "Instant Slots Success," and I felt that it actually lived up to its name. The author obviously believes in his techniques, and has a winning attitude all throughout the book. That being said, this book has some problems. It doesn't connect the main technique of the book, which is watching for certain patterns on various machines that prove that the machine will soon strike the jackpot, with the overall method for picking a slot machine and winning. It's also too short so many people will feel ripped off. It also contains way too many ads, which aren't contained to the appendix. They're interspersed throughout the book!

Pros: +Has a winning attitude +Has a technique that's worth a try +Gives good details about what patterns to look for on certain machines

Cons: -Most of the book contains techniques on specific slot machines, so if you're not already at a casino with many machine types, you might -Never related the slot machine patterns back to how you use them in his technique -Very short, without too much detail -Has links to advertisements interspersed throughout the book. This is unacceptable for a paid book.

I was very disappointed in this book. It really didn't tell me anything I didn't already know about slots or have heard. Was not worth the money.
