Customer Reviews

I used this book in my Domestic Violence class and when I first got it I was like okay I know enough about Domestic Violence. However this book is really helpful in teaching about Domestic Violence all over the world. I liked learning new terms like Dowry. I also liked how it was easy to read and really made it clear about the challenges victims face. I liked that it looked in to more areas then just female victims or children. This book made my class very informative.

This book has so much writing and the page corners are all turned it was not worth paying as much as I did. If I did not need the book I would have returned it, after paying extra for the book to get here it did come quickly. I will not wait till the last minute next time. My fault that I am stuck with this

book.

I ordered this book for an online Family Violence class, and this book was very interesting!!! I am glad that I purchased it!!!

I love this book! It is interesting however, I needed it for school so that's the only reason I bought it. I really do recommend it.

Chapters could have been smaller. Things could have been explained using less words and some information was repetitive

I love this book. It has some really good material that will help increase my knowledge in law enforcement.

Used for a college course, it is what I expected

Served its purpose well as a textbook.
