Up, Up, And Away: The Kid, The Hawk, Rock, Vladi, Pedro, Le Grand Orange, Youppi!, The Crazy Business Of Baseball, And The Ill-fated But Unforgettable Montreal Expos
Synopsis

The definitive history of the Montreal Expos by the definitive Expos fan, the New York Times bestselling sportswriter and Grantland columnist Jonah Keri. 2014 is the 20th anniversary of the strike that killed baseball in Montreal, and the 10th anniversary of the team’s move to Washington, DC. But the memories aren’t dead—not by a long shot. The Expos pinwheel cap is still sported by Montrealers, former fans, and by many more in the US and Canada as a fashion item. Every year there are rumours that Montreal—as North America’s largest market without a baseball team—could host Major League Baseball again. There has never been a major English-language book on the entire franchise history. There also hasn’t been a sportswriter as uniquely qualified to tell the whole story, and to make it appeal to baseball fans across Canada AND south of the border. Jonah Keri writes the chief baseball column for Grantland, and routinely makes appearances in Canadian media such as The Jeff Blair Show, Prime Time Sports and Off the Record. The author of the New York Times baseball bestseller The Extra 2% (Ballantine/ESPN Books), Keri is one of the new generation of high-profile sports writers equally facile with sabermetrics and traditional baseball reporting. He has interviewed everyone for this book and fans can expect to hear from just about every player and personality from the Expos’ unforgettable 35 years in baseball.

Book Information

Paperback: 432 pages
Publisher: Vintage Canada (March 3, 2015)
Language: English

Average Customer Review: 4.5 out of 5 stars (See all reviews (116 customer reviews)
Best Sellers Rank: #147,904 in Books (See Top 100 in Books) #7 in Books > History > Americas > Canada > Province & Local #229 in Books > Sports & Outdoors > Baseball

Customer Reviews

The Montreal Expos provided many interesting stories during their 36 years of existence, both on and off the field. Sportswriter Jonah Keri, who was also a fan of the team, covers their history in this fun-to-read account of the franchise. Starting with the scramble to obtain players and a suitable
stadium for the inaugural 1969 season, Keri captures the adventures and misadventures of the franchise with humor, knowledge and the viewpoint that a devoted fan provides, which was surprisingly objective as well. The objectivity comes mainly from describing the many business decisions that resulted in star players leaving. One example is when after the team compiled the best record in the 1994 season in which the World Series was not played due to a player’s strike, the ownership group ordered general manager Kevin Malone to dump four of the team’s highest paid players in one week. Keri’s account of that fire sale did not read like a disgruntled fan â€“ while criticizing the move, he did note that it did achieve the short term goals, but that it was just that â€“ a short-sighted glimpse of the situation. His accounts of the eventual ownership by Major League Baseball and his criticism of an ownership group that would not contribute the required money to keep the operations going that resulted in one man (Jeffrey Loria) obtaining 93% of the team was also surprisingly objective for someone who was a fan of the team. Other business matters such as losing broadcasting rights to the southern Ontario market and only online broadcasting in the early 2000s were covered in the same manner. This doesn’t mean that Keri only wrote about the front office.
