# Patent Litigation And Strategy (American Casebook Series)

## Synopsis

This book sets out governing statutes and rules at the beginning of each chapter and includes sample litigation documents where possible. The structure of the casebook is to move chronologically through a typical patent case. The book begins with discussions of whom to sue, where to sue, pleading requirements, discovery, and trial strategy. It then moves into substantive legal issues, including pharmaceutical litigation under Hatch-Waxman and other specialized infringement issues, such as infringing exports, infringement by multiple actors, and the extraterritorial reach of U.S. patents. The book also provides a primer on the new America Invents Act prior art provisions. The book next addresses issues surrounding remedies, including injunctive relief, contempt proceedings (including the Federal Circuit's en banc decision in *TiVo v. EchoStar*), and damages.

## Book Information

Series: American Casebook Series

Hardcover: 1 pages

Publisher: West Academic Publishing; 4 edition (May 9, 2013)

Language: English

ISBN-10: 0314278656

ISBN-13: 978-0314278654

Product Dimensions: 10.1 x 7.6 x 1.5 inches

Shipping Weight: 4.7 pounds (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars (See all reviews) (1 customer review)

Best Sellers Rank: #900,908 in Books (See Top 100 in Books) #99 in Books > Law > Intellectual Property > Patent, Trademark & Copyright > Patent #7467 in Books > Textbooks > Law #213557 in Books > Reference

## Customer Reviews

It's a casebook. Naturally, it will not be fun to read. However, if you gonna specialize in this field it is a logically organized winner that likely wont be relegated to that smelly second hand book guy by the dumpster at the end of the semester.
