Customer Reviews

These are a little hard for medium sudoku puzzles. And I'm used to working them everyday! I don't like easy ones because they are boring, but these are way harder, what I would call medium-hard level. I usually go to the answers in the back and fill in 2-4 extra numbers to give me a boost!

I started doing sudoku puzzles in 2005 and even though they have lost some of their popularity, I still enjoy them. This book of puzzles is not too easy and not too hard. All of them are what I would call medium difficulty. All can be solved without guessing. I keep this book of puzzles on my bed and I work a couple before I go to sleep. It relaxes me so much that by the time I have finished the second puzzle, my eyes are barely open.

A good selection of puzzles that provide some challenge but can be completed without going crazy. Nice format - good print size

like the book, perfect medium Sudoku ...room to put numbers in and paper is good

Love these puzzles. Plenty of room to write provisional answers. Accurately described as moderately challenging. Visually and intellectually satisfying and consistently good.

For some reason I thought this book would give me some hints on how to play sudoku but it's just another book with rather good puzzles.

I bought this as a gift but was unable to give it when I wanted. It took an entire week to even be shipped out, which is not the norm.

Way too easy. Reviews that say puzzles are too hard must not be true Sudoku players! I feel like I wasted my money.
